FOLLOW THESE STEPS:

- 1 Complete the Course planner (below) to show the subjects you plan to take in each year of school. Use the course booklet to help you.
- 2 Choose FIVE courses for 2017. For each course write the code, the course type and the number of credits it offers. Add up the credit total of your courses.
 - You must take English. Science and Mathematics are very highly recommended.
 - Choose your 2017 course from the list of Year 12 courses.
 - You may opt for the CIE or NCEA pathway by completing Option Box 1, 2 or 3 (see overleaf).
- 3 **If you have already taken AS Level in 2016** You may continue this subject at A2 Level in 2017.
- 4 If you have taken NCEA Level 1 English (11 ENG) in 2016 you are strongly advised to take NCEA Level 2 English (12 ENG) in 2017. If you have taken IGCSE English (11 CEN) in 2016 you are strongly advised to take AS Level English (12 CEN) in 2017. Students who wish to take both 12 MAT and 12 MAS should discuss this selection with the Director of Mathematics. You cannot select both Senior Sports Leadership and Physical Education. Innovation Programme will be outside the timetable, so write it beneath your option table overleaf.
- 5 Record a copy of the choices for your own information.

INNOVATION PROGRAMME (Before School)	YES	NO
I wish to apply to be a member of the Innovation Programme	(circle yes or no)	

All students study five subjects including English. While most students will take five subjects at Level 2 or four or five AS subjects, some students will take subjects at more than one level. This could be in NCEA or CIE:

- 1 CIE (Box 1 or 3)** Students select either:
Five AS subjects (uncommon as it is extremely challenging)
- Or Four AS subjects and one IGCSE or NCEA** (The best combination)
- Or Three AS subjects and one or two new IGCSE subjects or one NCEA subject**
- 2 NCEA (Box 2)** Students select either:
Five Level 2 subjects.
- Or A mix of Level 1 and Level 2 subjects.**
